The first of these is the fact that the library is a public institution. It is not a private club or a business enterprise. It is a public institution, and as such it is subject to the same public control and supervision as any other public institution. The second fact is that the library is a permanent institution. It is not a temporary or a seasonal institution. It is a permanent institution, and as such it is subject to the same permanent control and supervision as any other permanent institution. The third fact is that the library is a social institution. It is not a purely educational or a purely recreational institution. It is a social institution, and as such it is subject to the same social control and supervision as any other social institution.

The fourth fact is that the library is a cultural institution. It is not a purely scientific or a purely literary institution. It is a cultural institution, and as such it is subject to the same cultural control and supervision as any other cultural institution. The fifth fact is that the library is a democratic institution. It is not an aristocratic or a plutocratic institution. It is a democratic institution, and as such it is subject to the same democratic control and supervision as any other democratic institution. The sixth fact is that the library is a progressive institution. It is not a conservative or a reactionary institution. It is a progressive institution, and as such it is subject to the same progressive control and supervision as any other progressive institution.

The seventh fact is that the library is a universal institution. It is not a local or a national institution. It is a universal institution, and as such it is subject to the same universal control and supervision as any other universal institution. The eighth fact is that the library is a free institution. It is not a censored or a restricted institution. It is a free institution, and as such it is subject to the same free control and supervision as any other free institution. The ninth fact is that the library is a public good. It is not a private good or a common-pool resource. It is a public good, and as such it is subject to the same public control and supervision as any other public good.
